

Assembly Instructions

- Interactive maze puzzle to keep your cat engaged in play.
- Hide toys, catnip, and treats inside for your cats to discover.
- Features false openings for a more challenging, playful experience.
- Great way to beat kitty boredom.

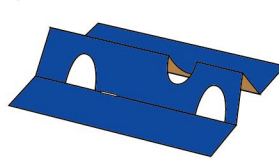

Components:

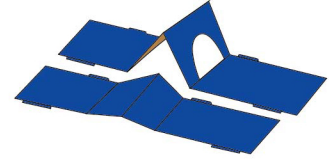

How to Assemble:

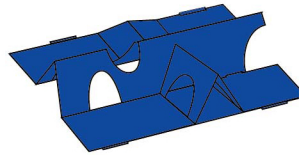

Step 1 - Stand the front and back panels upright, as pictured. Neatly fold the side flaps over, ensuring the tabs are facing down. Push down so they are tucked into the slots at the bottom of the box. If tabs are not easily pushed down into place, please re-fold the side flaps.

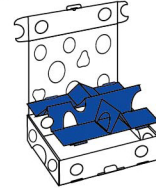

Step 2 - Fold the large insert along the middle, following the dotted lines.

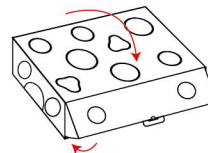

Step 3 - Fold the two smaller inserts by creating a center pyramid-like shape along the dotted lines.

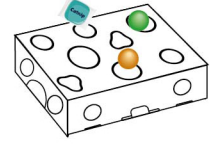

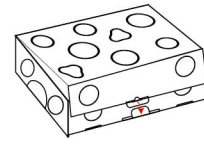

Step 4 - Now assemble the inner puzzle by slotting the tabs of the two smaller inserts into the slots of the large insert. The tabs are numbered and line up to their respective numbers. Insert Tab 1 into Slot 1, and so on.

Step 5 - Carefully place the assembled inner puzzle insert into the box, making sure to press the tabs into the box's slots. The tall pyramid shape should be placed closest to the front of the box, the lower pyramid shape should be closest to the back (where the lid is standing up).

Step 6 - Close the lid. Tuck in the side flaps followed by the lock tab at the front of the box. Flip box over and attach one anti-skid sticker at each corner. Now you're ready to add the balls, catnip, and your cat's favorite treats!

Warnings / Cautions:

- Follow the instructions carefully and make sure you've completed each step.
- Keep out of reach of children.
- This toy is intended for cat use only, not for use with other animals.
- Supervise your pet when using since small parts can present a choking hazard or internal blockage.
- This toy is for indoor use only.
- No toy is indestructible. Always supervise your pet when using this toy.
- Inspect this product periodically for damage and discard it immediately if it appears worn or damaged.

Care Instructions:

Wipe clean with a damp cloth as needed and allow to air dry before use.
Product is for indoor use only. Keep away from direct sunlight and damp places.
