PET genie
PET WASTE DISPOSAL SYSTEM

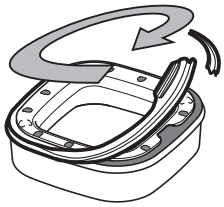

Quick and Easy Cleanup
No more daily trips to the trash

MULTIPLE USES:

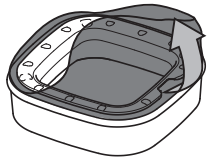

1: WASTE BAGS for outdoor walks
2: POTTY PADS for indoor training
3: PET DIAPERS for heat cycles and incontinence

find out more at:
www.petgenieproducts.com

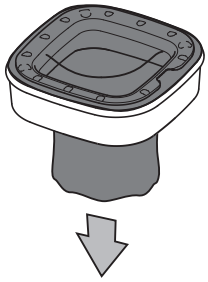

1 REFILL PREPARATION

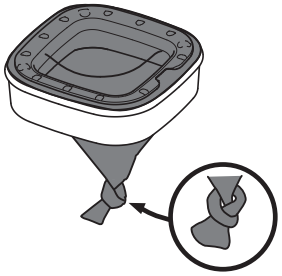

1. Pull plastic tab on refill to remove plastic ring seal.

2. Pull film up and out of the refill.

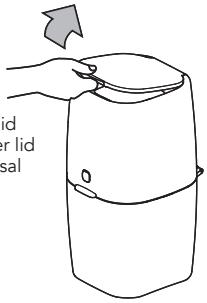

3. Push down the film a few inches through center hole of the refill.

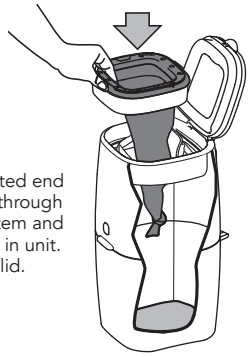

4. Tie film at the bottom.

2 INSERTING REFILL

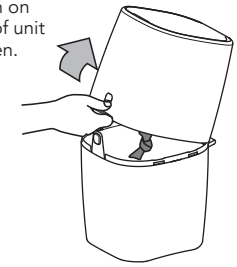

1. Lift top lid and inner lid of disposal system.

2. Feed knotted end of liner in through clamp system and place refill in unit. Close top lid.

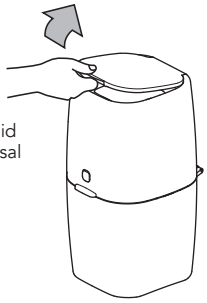

3. Press center button on front of unit to open.

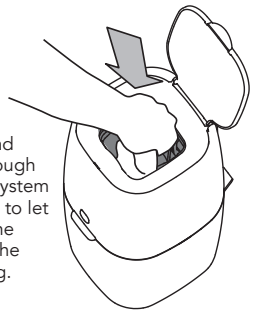

4. Pull knotted film down until it reaches the bottom, leaving a few extra inches, and close unit.

3 DISPOSING OF WASTE

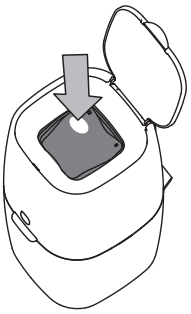

1. Lift top lid of disposal system.

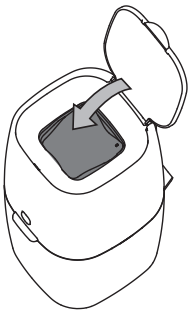

2. Push the pad directly through the clamp system and release to let it drop to the bottom of the knotted bag.

ALTERNATE INSERTION METHOD:

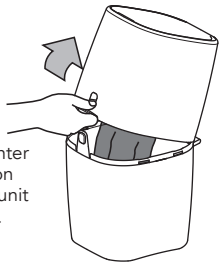

Push the "PRESS HERE" button with your thumb to release the clamp, then drop pad into pail with other hand.

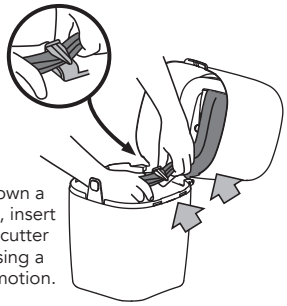

3. Close the lid.

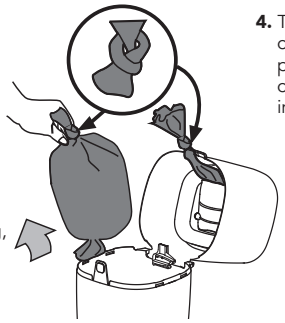

4 EMPTYING THE UNIT

1. Push center button on front of unit to open.

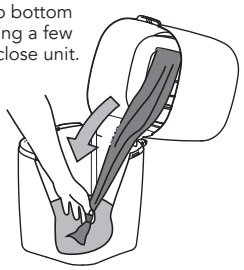

2. Pull film down a few inches, insert in internal cutter and cut, using a sideways motion.

3. Knot the top of the full bag, lift from pail and dispose.

4. Tie a new knot in the open end of film and pull down to bottom of pail, leaving a few inches and close unit.
