Includes

- ✓ User manual
- ✓ Speaker unit
- ✓ Pet Acoustics music pre-loaded on a microSD card (512MB)
- ✓ USB charging cord
- ✓ Lanyard strap
- ✓ One-year limited warranty

Instructions

Charging the unit

Pet Tunes comes with a minimal battery charge when purchased. To completely charge, gently connect the small end of the Charging Cord into the *Line-In* port, as not to damage the port. Connect the USB end to your device, computer or a USB wall adapter. The *Indicator* glows red while charging. When the red light turns off, your Pet Tunes is fully charged. A full charge normally takes two hours. Once disconnected from power, the unit will continuously play Pet Acoustics Music up to 8 hours. To play 24/7, connect to a USB wall adapter. If music skips, the unit needs to be charged again.

Pairing via Bluetooth®

Press the *Pause/Pair* button in the center until you hear a tone, indicating Pet Tunes is now in *Pairing Mode*. The blue light flashes quickly while pairing. Go to the Bluetooth® settings on your device, select ***Pet Acoustics*** and follow your device instructions. If your device asks for a PIN, enter **0000**. You will hear the same tone once paired.

For Best Results

Place the Pet Tunes unit near the hearing environment of your pet, about 4 feet (122 cm) above the floor.

Loop the lanyard strap onto Pet Tunes to hang the unit on a crate, cage or stall.

Keep Pet Tunes off the ground where dust, water or food may come in contact.

Clean unit with a soft cloth.

Specifications

Contains a built-in lithium battery.

Unit dimensions	L 50, D 50, W 50mm
Unit weight	130g
Output	RMS3W THD=10%
Frequency response	150-18000HZ (=-3DB)
Signal and noise ratio of power amplifier	760 mm
Loud speaker	1.77 (external diameter 45mm)
	4 Ohms
Magnetic resistance	Line In/5 V;
Ports	USB 2.0 power supply; audio input

About

Janet Marlow

Sound Behaviorist, Composer, Founder

Janet Marlow is recognized internationally for her contribution to the understanding of animal hearing and how sound effects pet behavior through her breakthrough research of species-specific music. She has been featured on Animal Planet, CNN, *Good Morning America*, in *The New York Times* and *Entrepreneur Magazine*.

Janet is also well known for her stage career and recordings on the ten-string guitar (classical and jazz). Venues include Lincoln Center, The Apollo, Carnegie Hall and the Blue Note.

Disclaimer and Waiver of Liability

In no event shall Pet Acoustics Inc. be liable for any direct, indirect, punitive, incidental, special, or consequential damages whatsoever arising out of or connected with the use or misuse of any Pet Tunes purchased herein. You agree and acknowledge that any product purchased should be used at your own risk and you should assess the risks individual to your pet before purchasing any product or using any product with or on your pet. You agree that in the event that Pet Acoustics Inc. is deemed liable for any harm caused, the amount which it shall be liable to you shall be limited to the cost of the product. In no event should you leave any children unattended in the presence of this product as it may present a choking hazard.

1-Year Limited Warranty

Length of coverage is one (1) year from the date of purchase by the first consumer purchaser of the product. Warranty does not apply to abuse or misuse, including defects or damage that result from improper operation, storage, misuse or abuse, accident or neglect, including but not limited to physical damage (cracks, scratches, etc) to the surface of the product; contact with liquid, water, rain, extreme humidity or heavy perspiration, sand, dirt or the like, extreme heat, or food; use of the Products for commercial purposes or subjecting the Products to abnormal usage or conditions; or other acts which are not the fault or negligence of Pet Acoustics, Inc. Contact the place of purchase for issues and returns.
