PLASTIC BOTTLES**
EVERY RIPPLE RUG = 24
RECYCLED PLASTIC BOTTLES

*rounded corner style shown in beige

Instructions: Unfold both rugs, lay flat and vacuum when new. Place the rug coated with non-slip surface onto the floor. Next, position the other rug with holes over the top, use the Velcro® touch-points to shape ripples.

Touch-points can be attached by pressing them down to any spot on the bottom rug. To release, pull up on the top carpet at any time. You may reshape the carpet as often as you like. Visit ripplerug.com and check out our *how-to* section to learn more.

To create a reinforced arch, fold the long edge of top rug (next to center touch-point) - twice. Ensure that the touch-point's burrs make contact with the carpet fibers. Next, press down corner touch-points on either side of fold to make arch.

Cleaning: A sticky roller or vacuum can help remove fur when needed. Use soap and water for other nasties. Rinse using a garden hose. Hang flat to dry. Do not tumble dry. Visit ripplerug.com for more care tips.

Product Specifications:

- Both Top and Bottom Rug Measure 35 x 47 Inches Each When Unfolded
- Multiple Safety Slits Located Around Larger Holes Allow Additional Expansion
- Strategically Placed Touch-Points Attached to Top Rug Designed For Safety-Release
- Non-Slip Gel Backing on Bottom Rug Prevents Sliding and Provides Insulation
- Carpet: 100% Polyester Fiber Made Using Post-Consumer Recycled Plastic Bottles
- Easy-To-Clean: Just Use Soap and Water, No Harsh Chemicals Needed

*SnugglyCat Inc. and affiliates do not offer guarantee or warranty regarding performance and safety of the Ripple Rug. We feel that our products are cat-friendly and safe. We will not be held in any way responsible for misuse, neglect, product tampering, or inappropriate use of the product on the part of the operator. If you find that your product is defective, please contact us and report the problem.

In addition, SnugglyCat Inc. shall not be liable for any kind of damage, whether direct or indirect, resulting from use of our products. To ensure the safety of your pet, supervise your pet during play with this product. Always use top and bottom rug together, do not use top separately. Also be aware that your cat may be hiding from view, inside their Ripple Rug at any time.

*Note: Color and style included depend on version selected at point-of-sale.
