Ver.: 26/11-CA_US

† If your young Guinea Pig is unable to climb the ramp, it is important to place the food dish at the bottom of the cage until he is able to access the elevated area of the cage.

† Si votre jeune cochon d'Inde est incapable de grimper sur la rampe, il est important de déposer le bol à nourriture au fond de la cage jusqu'à ce qu'il soit capable d'accéder à la portion surélevée de la cage.
