## WILLOW BIRD CAGE INSTALLATION

# INSTALLATION

## ① Unfold the Cage

Begin by unfolding the bird cage, ensuring that all parts are fully extended.

## ② Stand Cage Up

Carefully stand the unfolded cage in an upright position.

## ③ Slide in the Bottom Piece

Locate the bottom piece and slide it into the bottom opening at the base of the cage.

## ④ Place Tray

Position the tray underneath the cage to catch any debris or droppings.

## ⑤ Attach the Top

Connect the top part of the cage to close and secure it in place.

## ⑥ Slide in the Middle Rod

Insert the metal divider rod into the designated slot in the middle of the cage.

## ⑦ Slide in the Divider

Slide the middle divider over the metal rod ensuring a snug fit.

## ⑧ Attach Feeders

Using the hooks provided on the outside of the cage, attach all four feeders securely.

## ⑨ Slide in Resting Poles

Insert the four wooden resting poles, place two on each side of the cage. Ensure they are properly secured.

## ⑩ Enjoy!
