

The supplied screws and anchors are not meant for use on metal studs, concrete, bricks, or block walls. If you are uncertain about the nature of your wall, consult an installation contractor. KATRIS makes every effort to ensure all necessary mounting hardware is included. If the hardware you need is not included, please consult your local hardware store or contact KATRIS.

If you do not understand these directions, or have any doubts about the safety of the installation, please call a qualified contractor or contact KATRIS at [katriscat.com](http://katriscat.com). KATRIS can not be liable for damage or injury caused by incorrect mounting, incorrect assembly, or incorrect use.

Visit us at **[www.katriscat.com/easy](http://www.katriscat.com/easy)** for more in-depth instructions on how to install your KATRIS shelves.

## WHAT IS INCLUDED

2X Brackets

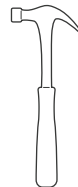

4X Screws

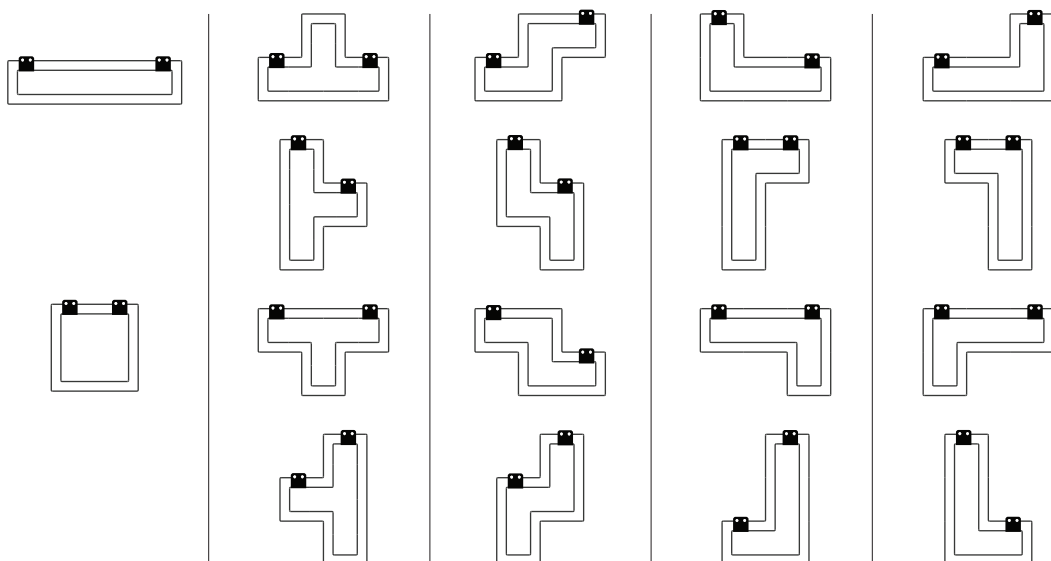

4X Anchors

## TOOLS YOU NEED

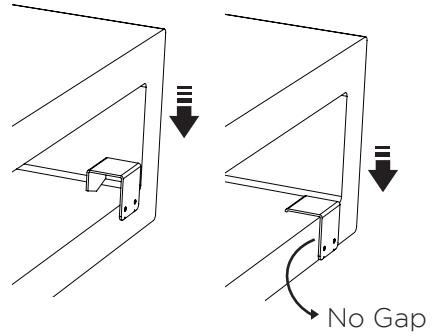

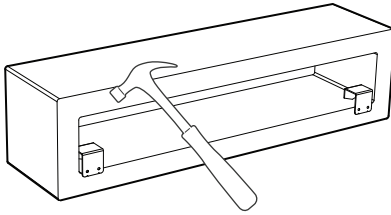

## \*BRACKETS POSITION REQUIREMENT

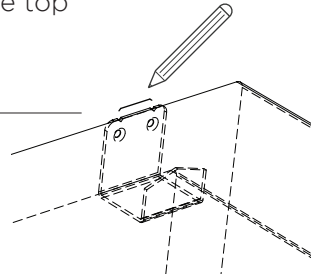

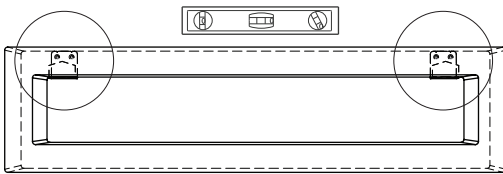

**\*WARNING!** KATRIS SHELVES are only safe to use in the orientations with bracket positions shown above. You can risk being seriously injured if you do not follow this position requirement.

- 1** Use a hammer to drive brackets into the KATRIS BLOCKS at the \*required position, based on your shape and orientation.

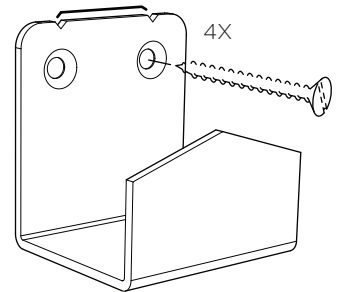

- 2** After inserting the brackets, hold KATRIS BLOCKS at the desired position. Check to ensure it is aligned with a straight level. Draw along the top edge of the bracket to mark the position.

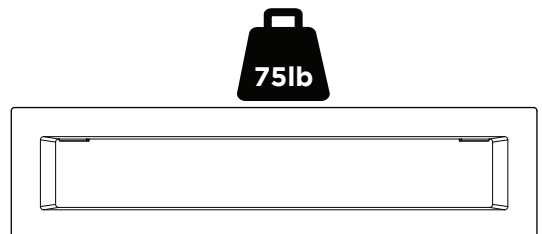

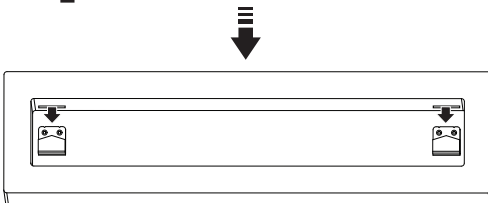

- 3** Remove the brackets from the KATRIS BLOCKS.

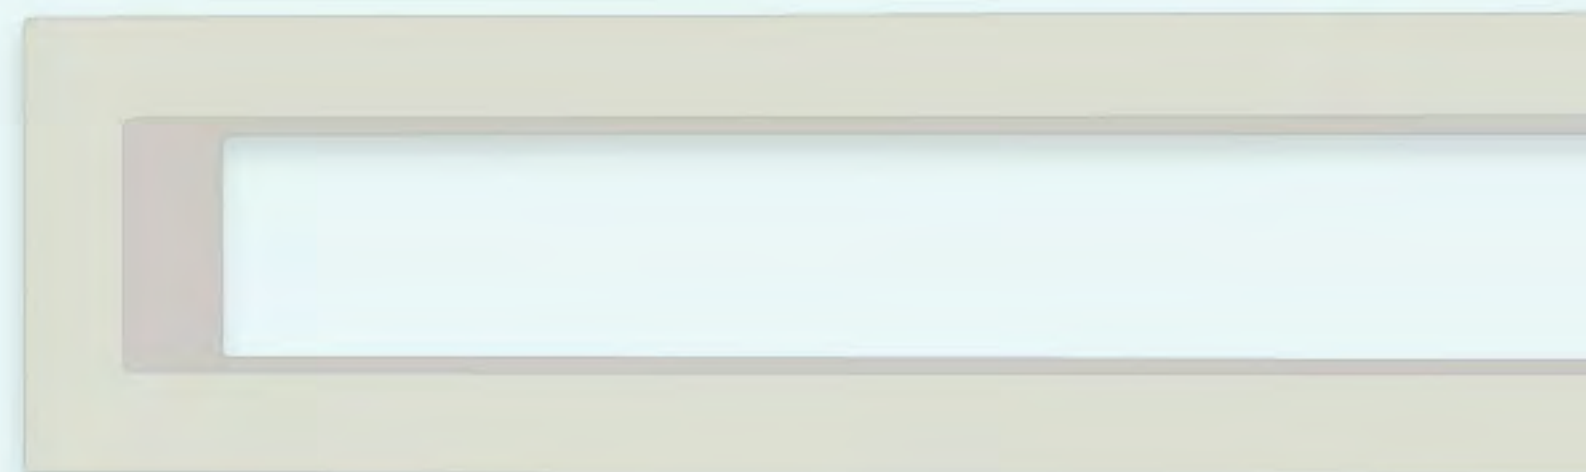

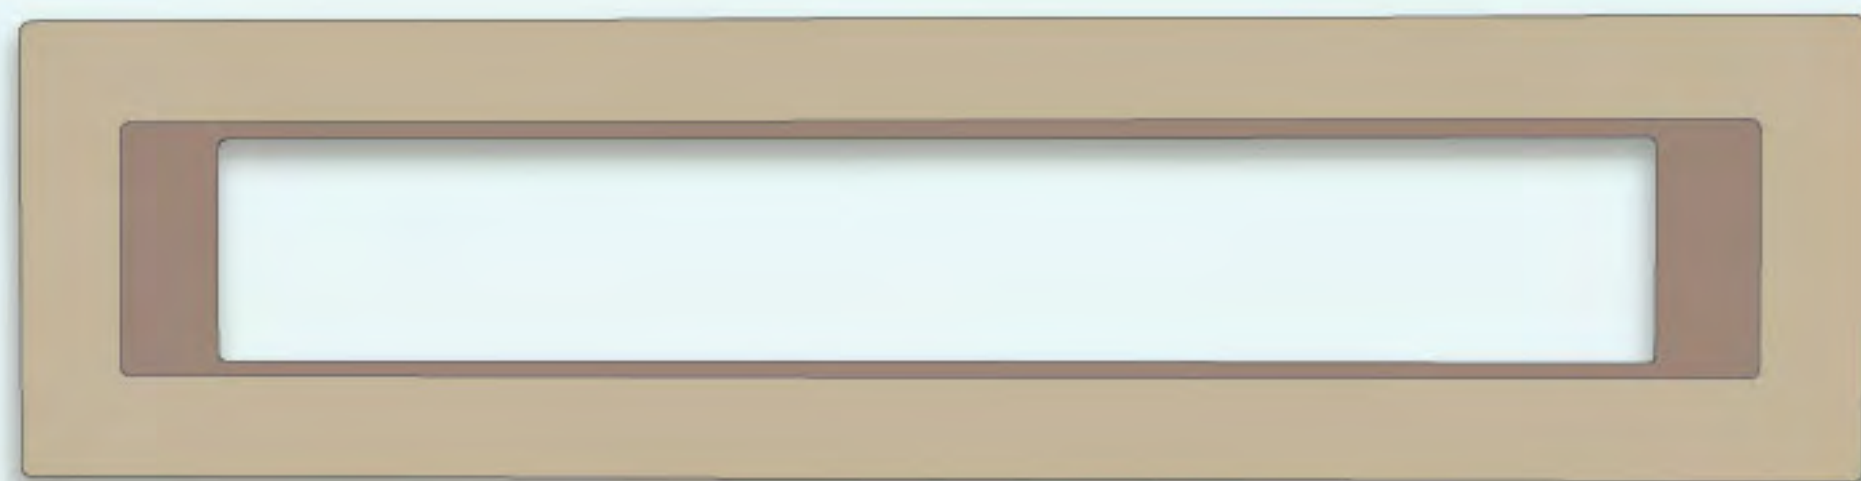

Using a screwdriver, install the brackets onto the marked location. Use the provided drywall anchor if needed. If you are unsure what fixtures to use, please consult your local hardware store.

- 4** Place KATRIS BLOCKS back onto the brackets, aligning with the slots created in Step 1. Enjoy!
