

Thank you for choosing Tiger Tough™ for your pet! Our products are manufactured of high quality materials and feature natural sisal fibers. Sisal textiles are durable, economical and biodegradable. They are also an excellent surface for scratching!

Assembly Instructions

- A. Assemble product on a flat, stable surface using the tools provided. Before beginning, please verify all parts against the parts lists. Tighten all connections as you build until they are firm. Do not overtighten.
1. Beginning with Base 1, attach Post 2 using Screw A & Washer C. Then insert a dowel screw into Post 2.
2. Place Spacer 3 over exposed dowel screw and attach Post 4.
3. Screw Ball Toy 5 into Post 4 top.
4. Attach Fuzzballs to Ball Toy 5. Bend carefully to desired height and angle.

Care Instructions

- Periodically inspect unit and tighten as needed.
- Spot clean as needed with gentle detergent diluted with water. Towel & air dry.

Hints & Tips

- Because it is a natural fiber, it is normal for sisal to discolor over time.
- Exposure to direct sunlight or moist conditions may damage the unit.
- For greater stability, place the playground in an area where it will not be bumped.
- Never let children or larger animals play on or climb the playground unit. This is extremely unsafe and may lead to damage or harm.
- Not recommended for outdoor use.
- Keep tools and instructions for future use and reference.

Problems or Questions?

Please contact FurHaven Customer Service at 1.888.459.2337 or via email at service@furhaven.com. Monday through Friday ~ 7:30 am to 4:00 pm
