STEP 1

1A
Adjust base (B1) using the four Leveling Glides underneath to ensure base is stable and level.
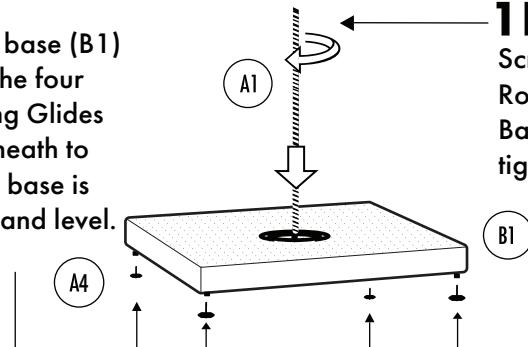

1B
Screw Large Rod (A1) into Base (B1) until tight.

1C
Place Base Trunk (B2) in the small wooden circle on Base (B1).
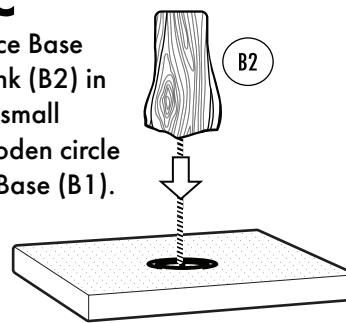

1D
Place Medium perch (C2) over Base Trunk (B2). Rotate Perch (C2) until tight.
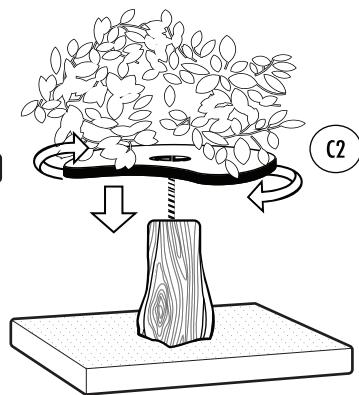

STEP 2
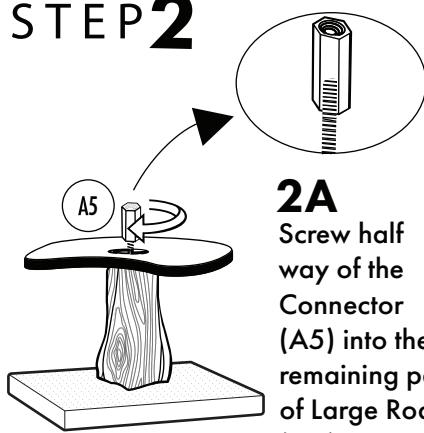

2A
Screw half way of the Connector (A5) into the remaining part of Large Rod (A1).

2B
Screw Small Rod (A3) into the remaining half of the Connector (A5) until tight.
NOTE: Hold connector while rotating rod.
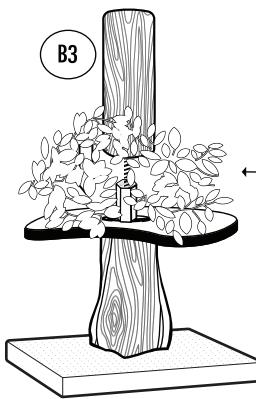

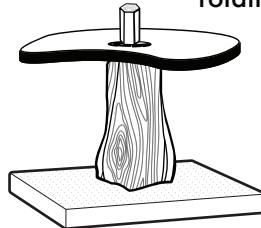

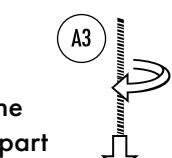

2C
Place the Top trunk (B3) on top of Medium Perch (C2). Make sure the small wooden circle fits inside the trunk.

STEP 3
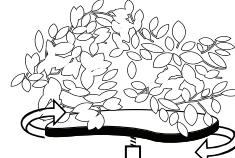

3A
Place Small Perch (C3) over Top trunk (B3). Rotate Small Perch (C3) until tight. Make sure the small wooden circle fits inside the trunk.
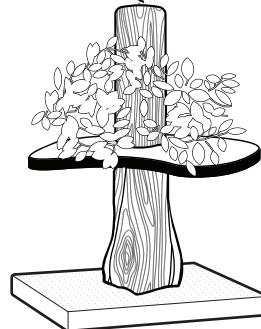

3B
Rearrange branches so tree looks full and stylish. Once the tree is secured, it will experience a natural sway providing movement and fun for your kitties.
