Step 1: Immediatley before use, open the package and remove the tube. Use the open end of the applicator to apply the entire contents of the tube. Avoid touching the tube content to the skin or clothing. Apply the tube contents directly to the skin. Do not rub or massage the tube content into the skin. Do not use under a shirt:

Step 2: Apply the spot-on product to the area to remove the residue. Hands and contacted skin thoroughly with soap and water before eating, drinking, or handling food. Avoid geting on the eyes:
