

A close-up photograph of a woman with voluminous, curly hair in shades of brown and orange. She is wearing a bright orange, textured knit sweater and is gently holding a small white and black kitten against her face. The kitten has its eyes closed and appears to be resting or sleeping. The woman's expression is soft and affectionate. The background is a plain, light-colored wall. There are some faint, thin green circular lines overlaid on the image, particularly around the kitten and the woman's hands.

**Odor Remover:** No more marking the same spot twice

**F. Nature's Miracle** Just For Cats Litter Box Odor Destroyer Spray, 24-oz spray, [Item #58200](#)

## Keep Them Safe on the Go

A cat crate or carrier is a must-have for taking your new cat home from the shelter and it will also come in handy for future trips to the vet. The key here? Make them as comfortable as possible by providing food and water 4-6 hours before the trip with time to use the litter box beforehand. Keep them calm during the trip with their favorite toy or a calming aid.

**G. Frisco** Two Door Top Load Plastic Dog & Cat Kennel, [Item #122124](#)

**H. Feliway** Travel Calming Cat Spray, 20-mL, [Item #152450](#)

**I. PetSafe** Come With Me Kitty Nylon Cat Harness & Bungee Leash, [Item #67153](#)

**Shop Travel Essentials >**

**Shop Indoor Essentials >**

# Keep Them Clean and Spotless

Avoid litter issues. Care for coat and nails. Maintain their oral health.

## Take Care of Bathroom Basics

Consider a covered litter box to keep litter from scattering. But remember: Not all cats like these types of litter boxes. They may need a litter pan to feel comfortable taking care of business.

### Add These to Your List:

- ☐ Litter Box or Pan
- ☐ Litter
- ☐ Scooper
- ☐ Litter Mat

**A. Frisco** High Sided Cat Litter Box, Extra Large 24-in, [Item #141371](#)

**B. Frisco** Multi-Cat Fresh Scented Clumping Clay Cat Litter, [Item #105590](#)

**C. Frisco** Litter Scooper, [Item #166310](#)

**D. iPrimio** Cat Litter Trapper EZ Clean Mat, [Item #107174](#)

**E. JW Pet** Gripsoft Cat Nail Clipper, [Item #55094](#)

**F. Frisco** Hypoallergenic Grooming Wipes with Aloe for Dogs & Cats, Unscented, [Item #152581](#)

**G. TropiClean** Waterless Dander Reducing Cat Shampoo, 7.4-oz bottle, [Item #101325](#)

**H. Safari** Self-Cleaning Slicker Brush for Cats, [Item #61234](#)

[Shop Bathroom Essentials >](#)

## Things to Note for Coat and Nails

A de-shedding tool or brush will do the trick. Always keep pet bath wipes on hand, too, so you can easily clean soiled fur. Another necessity: a pair of clippers to keep their nails trimmed. Be sure they feature a safety guard to prevent you from accidentally cutting their nails too short.

### What to Get:

- ☐ Brush
- ☐ Pet Bath Wipes
- ☐ Cat Nail Clippers
- ☐ Waterless Shampoo

## Tips for Teeth and Gums

For kittens, it's important to teach them to tolerate and enjoy regular teeth cleanings. For adult cats, start these cleanings with plenty of positive reinforcement. To defend against plaque and tartar, water additives are always a great choice.

### Dental Essentials:

- ☐ Toothpaste
- ☐ Toothbrush
- ☐ Water Additive

**I. Vetoquinol** Enzadent Dual-Ended Toothbrush for Dogs & Cats, [Item #81839](#)

**J. TropiClean** Fresh Breath Water Additive For Cats, 16-oz bottle, [Item #55634](#)

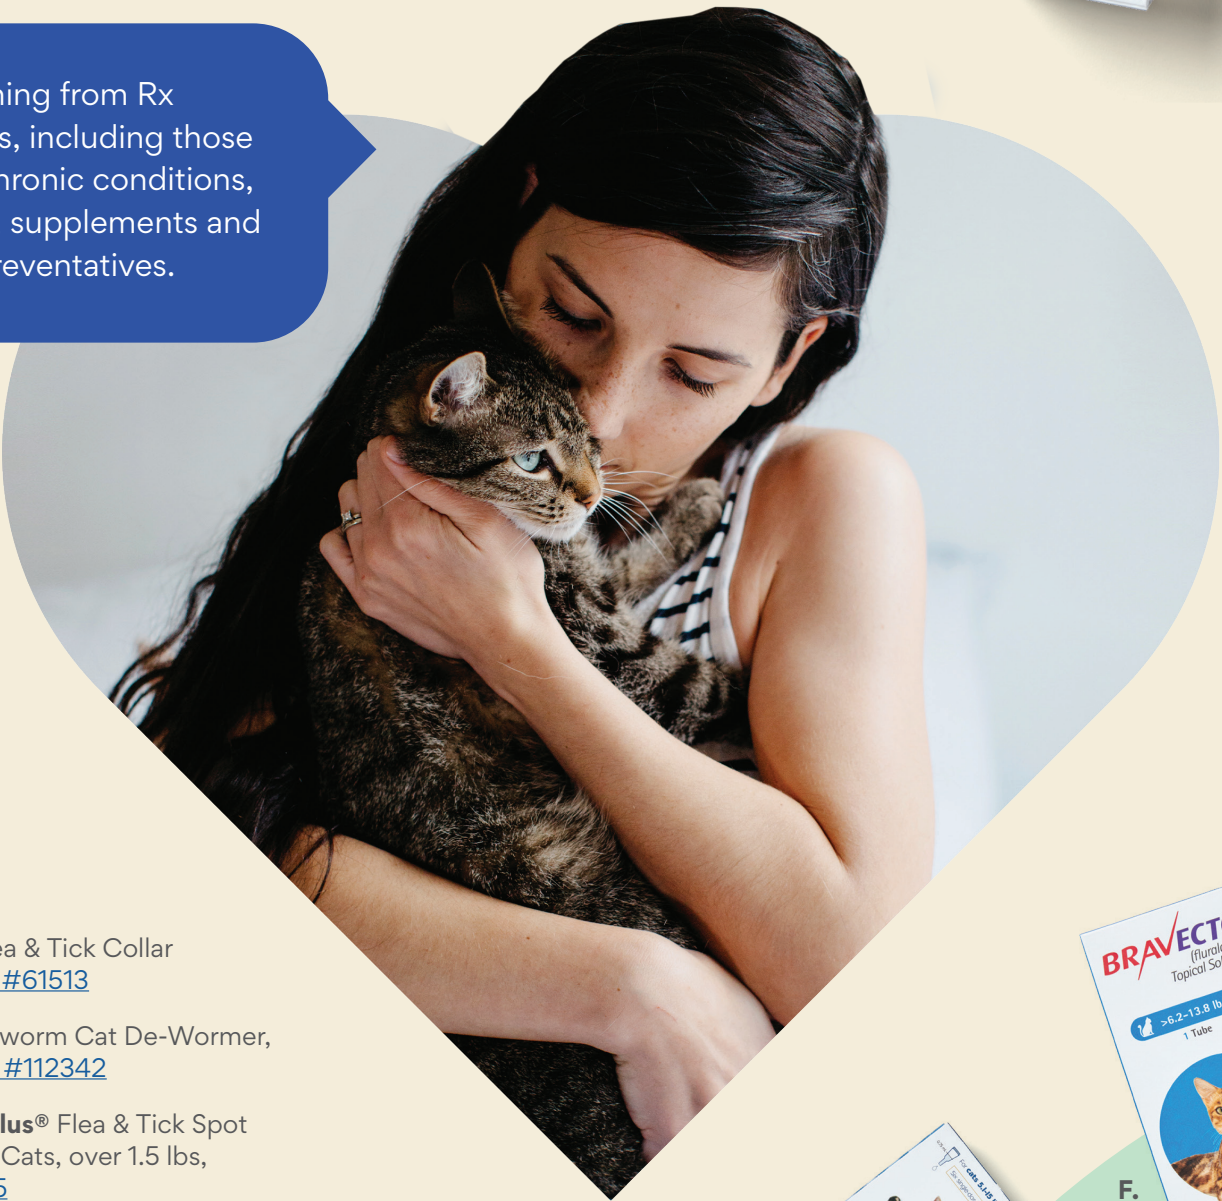

**K. Virbac** C.E.T. Enzymatic Dog & Cat Poultry Flavor Toothpaste, 70 gram, [Item #56708](#)

# Prepare for Your New Pet's First Veterinary Visit

Your veterinarian will be a key partner in supporting your pet's health and well-being. Chewy's Senior Vet, Dr. Katy Nelson, guides you through this important appointment.

## What To Expect:

- A thorough review of your pet's medical records
- A physical exam and update of vaccinations (if needed)
- Diagnostics like a heartworm test and/or a fecal exam

## What You Should Ask:

- |   |  |
|---|--|
| 1. Which vaccines are essential?                | 6. How should I prepare to leave them alone? |
| 2. What's the right food?                       | 7. Does this breed have specific issues?     |
| 3. Does my new pet need preventive medications? | 8. When should they be spayed/neutered?      |
| 4. When can training start?                     | 9. Should they be microchipped?              |
| 5. What's the best form of exercise?            | 10. Should I buy pet insurance?              |

# Words of Wisdom From Your Chewy Family

“To help keep your cat from scratching the furniture, invest in a scratching post. Cats will scratch to help shed their claws, stretch, mark their territory, and even express their emotions. Place these posts in your home’s main space to help your cat feel like part of the family.”

– Orlena, VP,  
Brand Marketing

“If you’re living in a multi-cat home, the secret to peace among all your felines is making sure they have their own spaces. Whether it’s a cat condo, cat bed, cave, or even a Chewy cardboard box, it’s important that each kitty can have some quiet relaxation time.”

– Crystal Daljitsingh,  
Rescue Coordinator

“Much like people, cats can get bored eating the same type of food everyday. Mix things up by including different textures like paté or flaked, as well as different flavors like turkey or salmon from their favorite brands.”

– Dr. Amy, DVM
