

Quick Start Guide

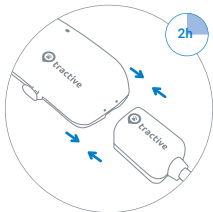

1

Charge your Tractive GPS tracker

Attach the tracker on the magnetic battery side to the charger provided. The LED on the tracker will turn red while the battery is charging.

Once the battery is fully charged, the red light will disappear. Pull slightly to remove the tracker from the charging cable. Before first-time use, please charge the tracker at least 2 hours.

The tracker is automatically turned on after charging.

2

Turn on the Tractive GPS tracker

The power button on the side is used to turn the tracker on and off and to check its LED status.

ON/OFF: Press button for 3 seconds.

LED Status: Press button for 1 second.
LED blinks twice.*

- * ●● Network connected - GPS available

- Network connected - no GPS
- No network - no GPS

3

Download the Tractive GPS app

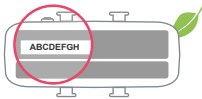

Download the Tractive GPS app from the Apple App Store or the Google Play Store. You can also visit my.tractive.com to track your pet.

4

Activate your Tractive GPS tracker

Follow the instructions in the Tractive GPS app or at my.tractive.com to activate your tracker. The 8-character Tracker ID can be found on the back of your tracker.

5

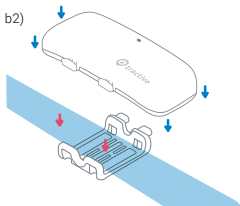

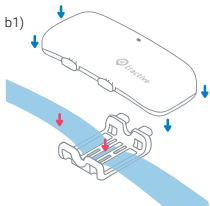

Attach your Tractive GPS tracker to your pet's collar

a) Remove your pet's collar and continue according to the collar width.

b1) **Collar width: 1.5 cm or less**
Remove the rubber clip, put the collar through the two rectangular holes on the sides of the rubber clip and fasten the rubber clip on the tracker again.

b2) **Collar width: 1.6 cm or more**
Open the rubber clip on one side of the tracker, place the collar in between the rubber clip and the tracker and close the rubber clip again.

c) Put the collar back on your pet and you are ready to go!

Happy Tracking!

Quick Start Guide

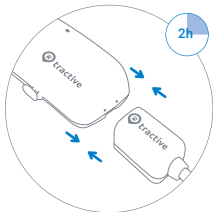

1

Laden Sie Ihren Tractive GPS Tracker auf

Verbinden Sie das Ladekabel mit dem Tracker am magnetischen Ladekontakt auf der Akkuseite. Die LED des Trackers leuchtet rot, solange der Akku lädt.

Sobald der Akku vollständig aufgeladen ist, erlischt die rote LED. Ziehen Sie leicht am Ladekabel, um es vom Tracker zu lösen. Bitte laden Sie den Tracker vor der ersten Nutzung mindestens 2 Stunden auf.

Nach Ende des Ladevorgangs ist der Tracker automatisch eingeschaltet.

2

Schalten Sie den Tractive GPS Tracker ein

Über den Einschaltknopf an der Seite des Trackers kann dieser ein- und ausgeschaltet und der LED-Status überprüft werden.

EIN/AUS: Drücken Sie den Knopf für 3 Sek.

LED-Status: Drücken Sie den Knopf für 1 Sek. Die LED blinkt 2 Mal.*

- * ●● Netzwerk verbunden - GPS vorhanden
- Kein Netzwerk - GPS vorhanden
- Netzwerk verbunden - Kein GPS
- Kein Netzwerk - Kein GPS

3

Laden Sie die Tractive GPS App herunter

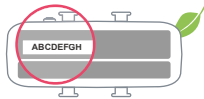

Laden Sie die Tractive GPS App vom Apple App Store oder Google Play Store herunter. Sie können Ihr Haustier auch auf my.tractive.com orten.

4

Aktivieren Sie Ihren Tractive GPS Tracker

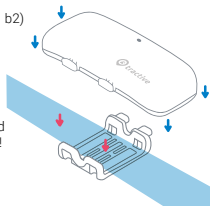

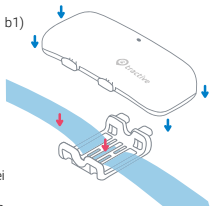

Folgen Sie den Anweisungen in der Tractive GPS App oder auf my.tractive.com, um Ihren Tracker zu aktivieren. Sie finden die 8-stellige Tracker-ID auf der Rückseite Ihres Trackers.

5

Befestigen Sie Ihren Tractive GPS Tracker am Halsband Ihres Haustieres

- a) Nehmen Sie Ihrem Haustier das Halsband ab und fahren Sie entsprechend der Halsbandbreite fort.
- b1) **Halsbandbreite bis zu 1,5 cm**
Nehmen Sie die Gummiklammer ab, führen Sie das Halsband durch die zwei äußeren, rechteckigen Löcher an den Seiten der Klammer und befestigen Sie diese wieder am Tracker.
- b2) **Halsbandbreite ab 1,6 cm**
Lösen Sie die Gummiklammer an einer Seite des Trackers und legen Sie das Halsband zwischen Tracker und Klammer. Befestigen Sie die Klammer wieder vollständig am Tracker.
- c) Legen Sie Ihrem Haustier das Halsband wieder an und schon sind Sie startklar!

Viel Spaß beim Tracken!

Quick Start Guide

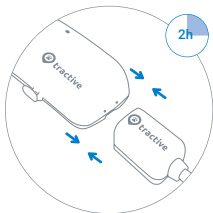

1

Carica il tuo localizzatore Tractive GPS

Attacca il caricabatterie che ti è stato fornito alla parte magnetica della batteria del localizzatore. Il LED sul localizzatore si illuminerà di rosso mentre la batteria è in carica.

Una volta che la batteria sarà completamente carica, la luce rossa si spegnerà. Tira delicatamente per rimuovere il localizzatore dal caricabatterie. Prima del primo utilizzo, carica il localizzatore per almeno due ore.

Il localizzatore si accenderà automaticamente al termine della ricarica.

2

Accendi il localizzatore Tractive GPS

Il pulsante di accensione sul lato del localizzatore, è utilizzato per accendere e spegnere il dispositivo e per controllare lo stato del LED.

ON/OFF: premi il pulsante per 3 secondi

Stato del LED: premi il pulsante per 1 secondo Il LED lampeggia due volte.*

3

Scarica l'applicazione Tractive GPS

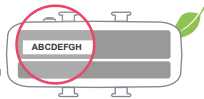

Scarica l'applicazione Tractive GPS dall'Apple App Store o dal Google Play Store. Puoi anche visitare my.tractive.com per localizzare il tuo animale domestico.

4

Attiva il tuo localizzatore Tractive GPS

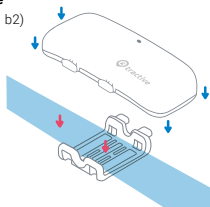

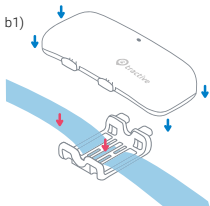

Segui le istruzioni nell'applicazione Tractive GPS o su my.tractive.com per attivare il tuo localizzatore. Puoi trovare il codice seriale di 8 caratteri del dispositivo sul retro del tuo localizzatore.

5

Aggancia il localizzatore Tractive GPS al collare del tuo animale domestico

- a) Rimuovi il collare del tuo animale domestico e prosegui in base alla larghezza del collare.
- b1) **Larghezza collare: 1.5 cm o meno**
Rimuovi la clip di gomma, fai passare il collare nei due fori rettangolari ai lati della clip di gomma e aggancia nuovamente la clip al localizzatore.
- b2) **Larghezza collare: 1.6 cm o superiore**
Sgancia la clip di gomma su un lato del localizzatore, fai passare il collare tra la clip di gomma e il localizzatore e richiudi nuovamente la clip.
- c) Rimetti il collare al tuo animale domestico e sei pronto a cominciare!

Buona localizzazione!

Quick Start Guide

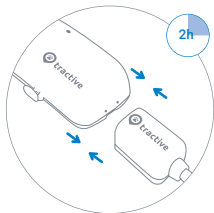

1

Chargez votre traceur Tractive GPS

Connectez le câble de chargement au traceur par le contact de chargement magnétique sur le côté batterie du traceur. Le voyant LED s'allumera en rouge tant que le traceur est en chargement.

Dès que la batterie sera pleine, le voyant s'éteindra. Tirez doucement sur le câble de chargement afin de le détacher du traceur. Veuillez charger le traceur au minimum deux heures lors de la première utilisation.

Le traceur est allumé automatiquement après le chargement.

2

Allumez le traceur Tractive GPS

Avec le bouton de mise en marche sur le côté du traceur, vous pouvez l'allumer ou l'éteindre et vérifier l'état de connexion.

Allumer/Éteindre : Appuyez 3 secondes sur le bouton.

État de la connexion : Appuyez 1 seconde sur le bouton. Le voyant clignote deux fois.*

- * ● ● Connexion au réseau - GPS OK
- ● Pas de réseau mobile - GPS OK
- ● Connexion au réseau - Pas de GPS
- ● Pas de réseau mobile - Pas de GPS

3

Téléchargez l'application Tractive GPS

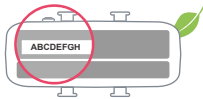

Téléchargez l'application Tractive GPS à partir de l'App Store ou du Google Play Store. Vous pouvez également suivre votre animal de compagnie sur my.tractive.com.

4

Activez votre traceur Tractive GPS

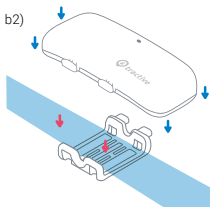

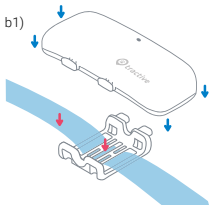

Suivez les instructions dans l'application Tractive GPS ou sur my.tractive.com afin d'activer votre appareil. L'identifiant du traceur (8 lettres) se trouve au dos de votre appareil.

5

Attachez votre traceur Tractive GPS au collier de votre animal

- a) Ôtez le collier à votre animal puis continuez suivant la largeur du collier.
- b1) **Colliers jusqu'à 1,5 cm de largeur**
Détachez le clip flexible du traceur et faites passer le collier par les deux trous rectangulaires sur les côtés du clip. Rattachez le clip sur le traceur.
- b2) **Colliers à partir de 1,6 cm de largeur**
Détachez le clip flexible sur un côté du traceur. Placez le collier entre le traceur et le clip. Rattachez le clip au traceur.
- c) Remettez le collier à votre animal, c'est parti !

Bon suivi !

Quick Start Guide

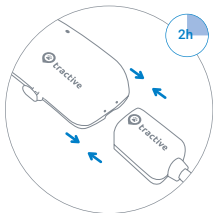

1

Cargue su localizador Tractive GPS

Conecte el localizador al cargador proporcionado por la parte de la batería magnética. El LED del cargador se iluminará en rojo mientras se carga la batería.

Una vez que el dispositivo esté completamente cargado, la luz roja se apagará. Tire con cuidado para desconectar el localizador del cable de carga. Antes de usarlo por primera vez, por favor cargue el localizador al menos durante 2 horas.

El localizador se encenderá automáticamente después de la carga.

2

Encienda el localizador Tractive GPS

El botón de encendido en el lateral se usa para encender y apagar el localizador, así como para verificar el estado del LED.

ENCENDER / APAGAR: presione el botón durante 3 segundos
Estado del LED: presione el botón durante 1 segundo. El LED parpadeará dos veces.*

*	●	●	Red móvil OK - GPS OK
	●	●	Sin red móvil - GPS OK
	●	●	Red móvil OK - Sin GPS
	●	●	Sin red móvil - Sin GPS

3

Descargue la aplicación Tractive GPS

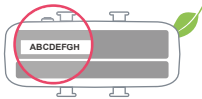

Descargue la aplicación Tractive GPS desde la Apple App Store o Google Play Store. También puede visitar my.tractive.com para rastrear a su mascota.

4

Active su localizador Tractive GPS

Siga las instrucciones en la aplicación Tractive GPS o en my.tractive.com para activar su localizador. Encontrará el ID de 8 dígitos del localizador en la parte trasera de su dispositivo.

5

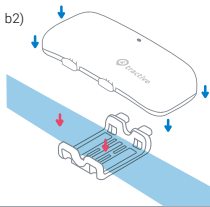

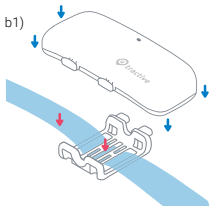

Coloque su localizador Tractive GPS en el collar de su mascota

a) Retire el collar de su mascota y proceda según el ancho del collar.

b1) **Ancho del collar: 1,5 cm o menos**
Retire del todo el clip de goma, pase el collar por los dos orificios rectangulares del clip de goma y coloque de nuevo el clip de goma en el localizador.

b2) **Ancho del collar: 1,6 cm o más**
Retire el clip de goma de un solo lado del localizador, coloque el collar entre en clip de goma y el localizador. Vuelva a enganchar el clip de goma en el localizador

c) Ponga el collar de nuevo a su mascota...¡y listo!

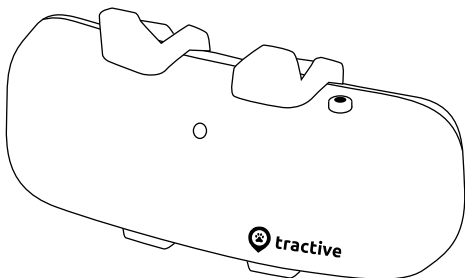

¡Feliz rastreo!

Tractive GPS

SAFETY INFORMATION

TRACTIVE GPS SAFETY INFORMATION

ELECTROMAGNETIC COMPATIBILITY

Very strong magnetic fields (e.g. transformers) should always be avoided as they may result in variations in the transmission. Failure to follow these instructions may lead to malfunctions or damage to your Tractive GPS device.

RISKS FOR CHILDREN AND PEOPLE IN NEED OF CARE

The use of this device is not intended for people (including children) with limited physical, sensory or mental abilities or lack of experience and/or lack of knowledge, unless they are supervised by a person responsible for their safety or have been instructed on the use of the device. Note: Some countries, states or regions have laws related to location based tracking of people, animals and objects. It's the sole responsibility of the owner and user to abide by the law and rules in the area the Tractive GPS device is used. Please switch off the Tractive GPS tracker before boarding a plane.

SAFETY ADVICE

Important: Although the Tractive GPS device is small in size, it might be too large or heavy for small or injured pets. If you are unsure whether you can use this device with your pet, we highly recommend consulting a pet doctor or veterinarian.

BATTERY OPERATION

Your Tractive GPS tracker is operated by a rechargeable lithium-ion polymer battery.

- The battery of the Tractive GPS tracker cannot be replaced and must not be removed.
- Batteries may not be disassembled, thrown into fire or short-circuited.
- Do not carry or store the battery together with metal objects that may short-circuit the positive and negative terminals of the battery.
- Never expose the Tractive GPS device to excessive heat such as sunshine, fire or the like.
- Do not charge the battery near a heat source or in direct sunlight.
- Keep the battery away from water.
- Do not drive metal objects into the battery, hit it with a hammer, or damage and crush it otherwise.
- If a battery leaks, avoid direct contact with the liquid and safely dispose of the battery.
- Keep batteries away from children and pets to prevent them from being swallowed. Swallowing may lead to burns, perforation of soft tissue, and death. Severe burns can occur within 2h of ingestion. In case of ingestion of a cell or battery, seek medical or vet assistance promptly.
- If the battery overheats or deforms during charging or use with the device, immediately remove it from the device or charger and do not use it again.
- In case the battery shows any signs of wear (scratches, bitemarks, etc.), dispose the battery and do not use it again.
- Only use the USB cable that came with your Tractive GPS device. The use of other cables might overcharge the battery and can lead to fire or explosion.

Disregarding these instructions can cause damage and possibly even cause the battery to explode.

DISPOSAL

Batteries are hazardous waste. For the correct disposal of batteries, appropriate containers are provided at the premises of commercial battery dealers as well as local council waste disposal facilities. If you want to dispose of your Tractive GPS device, follow the current local provisions at the time. Information may be obtained from the local council waste disposal facility.

FCC COMPLIANCE STATEMENT

The device complies with part 15 of the FCC Rules. The full statement of conformity can be viewed on our website: www.tractive.com/doc

DECLARATION OF CONFORMITY

Directive 2014/53/EU: Short text of the Declaration of conformity: Tractive GmbH hereby declares that the Tractive GPS device conforms to the fundamental requirements and other relevant provisions of directive 2014/53/EU.

The full text of the declaration of conformity can be viewed on our website: www.tractive.com/doc

ISED CANADA COMPLIANCE STATEMENT

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.
