Dog Hanging
Car Seat

For Extra Small & Small Breeds

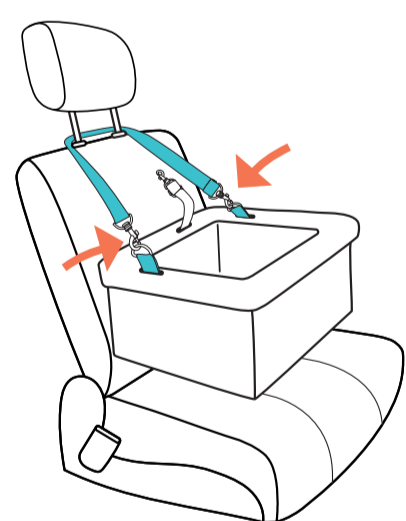

Give Your Pet Window Seat Perks:

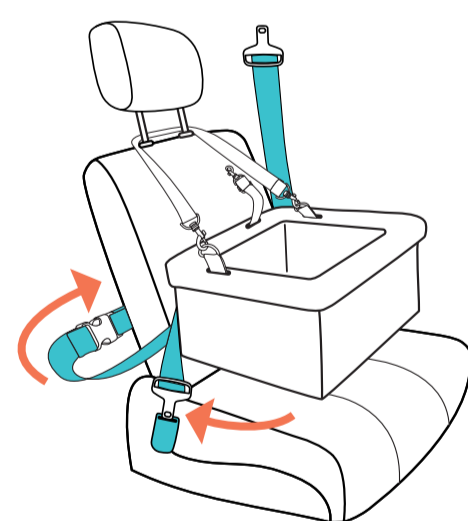

1. Pop the hanging car seat up, place the plastic board in and secure with hook-and-loop fasteners on bottom and sides. Press to secure.

2. Put the fleece liner on, pass the d-rings and safety tether through the slots, and secure with hook-and-loop fasteners.

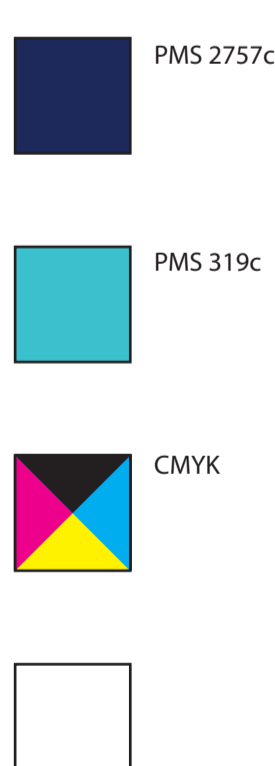

3. Attach the headrest strap to each d-ring, then loop the strap around the headrest of the car seat. Adjust the strap to a comfortable height for your pet.

4. Pass the car's seatbelt through the loops on the back of the hanging car seat. Use the lower strap for added security in the front seat by fastening it snugly around the car seat. Attach the safety tether to your dog's harness for extra safety points.

52 cm

Made for pets only. Not for use with children. For the pet's safety, all animals should be confined within the hanging car seat. Do not place your pet in the hanging car seat until it is completely installed and secure. Test the security of the hanging car seat frequently. If any part becomes loose or frayed, discard immediately. Never leave your pet unsupervised or unattended while in the hanging car seat. Always use a harness with the hanging car seat.
