

Kitten Collars

Will this Kitten collar fit my Kitten?

Red Dingo's Kitten collar is specially designed for kittens and is only available in one size. Please refer to the provided size guide. It is highly recommended to measure your kitten's neck circumference before buying any collar to ensure safety and comfort.

What are Red Dingo Kitten Collars made from?

Premium nylon webbing which is super soft but durable.

Does this collar feature a safety release buckle?

Yes, Red Dingo Kitten Collars feature a safety-release Fish Clip. If your kitten manages to get themselves caught on something, the safety-release Fish Clip will automatically release at a breaking point of 0.5kg.

How do I adjust my kitten's collar?

Locate the adjustment slider on your collar or harness. Next, 'push' the webbing from one side to create a loop of excess webbing inside the adjuster. Then 'pull' the excess webbing out the other side.

Do Red Dingo Kitten Collars feature a bell?

Yes, they have an included colour-coded bell for wildlife protection. The bell is removable from the collar.

Are Red Dingo Kitten Collars suitable for newborn kitten?

Yes, Red Dingo Kitten Collars are best suited to kittens who are newborn to 6 months old.
