

## *Waterproof Bucket Seat Cover Care & Use Guide*

Thank you for purchasing the Solvit Products Bucket Seat Cover. This cover is designed to fit all automotive bucket seats.

**INSTALLATION:** The elastic portions at the top and bottom of cover are designed to stretch over the headrest and seat cushion, respectively. Three adjustable straps go around the back of the seat. Thread the loose end of each strap through the plastic adjuster on the opposing strap and tighten to provide a snug fit. Excess strap material can be removed with scissors and the strap end can be sealed with a small flame. Refer to image at right which shows the back of the bucket seat with cover properly installed.

**Cleaning:** Promptly wipe up any foreign matter or standing liquid with a damp cloth or sponge. Machine wash cover in a commercial-size washing machine. Use cold water with a mild detergent. Line dry.

**IMPORTANT:** Always make sure the vehicle seat is dry before installing the Seat Cover.

Limited Lifetime Warranty: The Bucket Seat Cover is warranted to be free from defects in materials or workmanship for the life of the product. Some restrictions apply, so please visit our website for more details. A copy of the original sales receipt is required for warranty issues.

SOLVIT Products is dedicated to offering innovative solutions to improve pets' quality of life. Please feel free to contact us with any questions, comments, or warranty issues. Thank you for your purchase!
