**Parts Identification:** Fold & Carry Pet Home, Plastic Pan, Folding Divider Panel, and Plastic Carrying Handles (Note: 724UP, 730UP, and 736UP have 1 Handle; 742UP and 748UP have 2 Handles)

## ASSEMBLY INSTRUCTIONS

1. Remove the folded crate from the carton so that the plastic pan is on the bottom. Unhook the lock latch located on the side.

2. Grab any wire on the top panel and turn it like the page of a book.

3. Grab the top panel of the crate and pull upwards. This will form the top and the sides.

4. Make sure the bottoms of the two side panels rest inside the bottom panel and that one edge of the top panel is "inside" one side panel and "outside" the other side panel (as illustrated).

5. Reach in the crate and pull the door panel that is resting on top toward you until it fits into the clips on the ends of the side panels.

6. To secure the door panel to the top panel, gently pull outward on the end panel while pushing down on the top panel. Then fit the hooks over the end wire on the top. On the 36", 42" and 48" crate, be sure the "u wire" stop on the end of the top panel rests over the top wire of the door panel.

"U wire" on 36", 42" and 48" crates

7. Repeat Steps 5 and 6 with the end panel.
8. To remove the plastic pan, unhook the pan stop and slide the plastic pan out of the crate through the space in the bottom of the crate. To install the plastic pan, insert the pan and rehook the pan stop to the bottom wire of the crate's front panel.

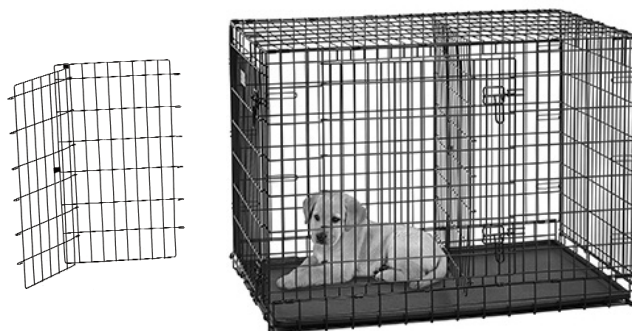

9. To install the divider panel, first decide the appropriate length of the crate to fit your dog. Make sure your dog will have enough room to turn around and lie down comfortably. Place the divider panel inside the crate with hooks facing away from the front door panel and the dog's living area. Secure the hooks of the panel to the sides of the crate, then secure the safety latch in the middle of the panel and attach the safety latch on the top to the top panel of the crate.

Safety Latches

10. To disassemble, reverse this process.

## Maintenance:

To protect the finish your crate and the bottom pan, use only mild, non-abrasive cleaners and water. Any coarse scrubbing or abrasive materials could damage finish.

Do not expose the plastic pan to direct sunlight for extended periods of time as this may lead to warping or damage of pan.

To help reduce noise, place a piece of carpet or cut a piece from the crate carton and place it inside the crate beneath the pan.

The plastic handles are provided to transport crate when in folded position and are not intended for use when the crate is fully assembled. To remove handles, push down firmly until they disengage and do not twist them.
