## LOOKING AFTER YOUR STROLLER

- Always store product in a clean, dry place.
- Not recommended for use on the beach.
- Do not put heavy items on top of the stroller.
- Clean frame by wiping with a lightly oiled cloth.
- Do not use detergent or abrasives. Spot clean fabric with dry cleaning fluid or mild soap and warm water.
- To ensure easy maneuverability and to minimize wear and tear, (especially wheels, axles, and swivels), keep all moving parts clean and lubricated with WD40® or light machine oil.
- NOTE: Do not lubricate brake components or swivel locks.
- Regularly check stroller for loose parts. These should be tightened or replaced.

## WHEEL MAINTENANCE

- To clean and lubricate front and rear wheels, push out locking lever under wheel housing to release rear wheel.
- To ensure ease of maneuverability and to minimize wear and tear, keep all moving parts clean and lubricated with WD40® or light machine oil.
- Push wheel sets back on until they click and lock in position; pull on wheel housings to ensure they are secure.
- Push stroller back and forth and rotate swivels around to work in lubricant.
- Clean the rear wheel assembly and the rest of the frame with warm, soapy water; clean off with warm water and dry thoroughly.
- NOTE: Do not lubricate brake components or swivel locks.
