

CHLORHEXIDINE 3% PS PADS

Antiseptic and cleansing cotton pads with Chlorhexidine and Phytosphingosine

TECHNICAL SPECIFICATIONS:

Cotton pads impregnated with micellar solution – Chlorhexidine (3%) - Phytosphingosine-salicyloyl(0.05%) - Climbazole (0.5%)

INGREDIENTS:

Aqua, Chlorhexidine digluconate, Phytosphingosine salicyloyl, Climbazole, Benzyl Alcohol, Propylene Glycol, Polysorbate, Laureth 23, Poloxamer 184, Fragrance.

PROPERTIES:

Chlorhexidine has a strong bactericidal and bacteriostatic activity on the Gram positive and Gram negative bacteria.

Climbazole is animidazole compound active on most fungi and yeasts (*Malassezia pachydermatis*).

Phytosphingosine is a pro-ceramide that helps restore the skin barrier, and also has anti-inflammatory properties.

DIRECTIONS FOR USE:

External use only. Apply on the affected area once a day or as directed by veterinarian.

SPECIES:

Dogs and cats: cleansing and disinfection of localized skin infections and *Malassezia* overgrowth.

Mostly, but not limited to:

- Interdigital areas
- Pinnae and outer ear canal areas
- Chin acne lesions
- Facial / lip / tail and other fold pyoderma and *Malassezia* lesions.

PRECAUTIONS:

Do not swallow. Avoid contact with the eyes. Keep out of reach of children.

If undue skin irritation develops or increases, discontinue use and consult a veterinarian.

STORAGE:

Store at controlled room temperature.

PRESENTATION:

Jar of 30 pads
